Smith, Labor, for city representative. dled mind is of no use in helping to solve Campbell; con., Lewis Clark; 1st S.

it will help the churches to uplift man-kind. We stimulate charity and I believe that our systematic way of giving charity is even better than the putting the hand into the pocket. The time is coming when we shall not have to bow down to charity; land 3.

At New York, (1st game) New York 2, selves and not to be obliged to now use to charity. Why is it that you workingmen do not have the nice things that they men do not have the nice things that they their own comfort? It is simp,y that they do not recognize the fact that they are as good as the people who do not work. We have got to educate this working class to raise the estimate of themselves. It is just as wrong for a man to abuse his body by hard labor as by any other means.

There are men simply dying every day in their endeavor to live to the next. The only way we can stop this is to educate the workingman to raise the estimate of himself. It is only a matter of education the world over and the only way we can succeed is to educate the men to recognize
